Hereford Jr Farm Fair Exhibit Samples and Comments

Live House Plants Examples:

The first place plant fills the pot with healthy foliage; the second pot has broken small foliage. "Exhibits will be judged on plant health, size and shape of foliage/blooms, and overall appearance."

Cut Flower Examples:

The winning entry has the correct number of uniform flowers of the same variety and foliage attractively held in the container. The other examples have no or wilted foliage, not attractively displayed, or are not in good condition. "Flowers must be exhibited in plain glass or other suitable containers. In specimen entries, some of the foliage must be attached. Exhibits will be judged on uniformity, color, health, size and shape of blooms, and overall appearance. *Single variety* exhibits should provide either one flower or three flowers of the **same** variety as noted."

Photography Examples:

The first place photo has a well defined subject, good lighting, centering and focus. The cute goat is hard to see clearly. "Exhibits will be judged on overall appearance, composition, exposure, and display."

Rock Collection Examples:

The winning Rock Collection and shell collection below followed the rules "Ten specimens in each category unless noted otherwise. Exhibits will be judged on identification, variety, display and overall appearance." by displaying and labeling at least ten items in the collection. While the bowl of rocks may be someone's personal rock collection it has not been prepared to exhibit at the fair.

Vegetable Example:

These prize winning peppers are healthy blemish free uniform samples with the foliage removed. These rules have been followed:

VEGETABLES: Be clean. Have stems removed. Be presented on a **firm**, **white 10" paper plate.** Have exhibitor **tag** / score sheet attached to the **plate.** Exhibits will be judged on uniformity, color, health, size, shape and overall appearance.

Needlework Examples:

The pink pillow has small tight even stitching. The bottom pillow has large uneven unattractive stitching with threads hanging. “Exhibits will be judged on presentation and applicable components of construction, such as seams, hems, fasteners, sleeves, interfacings etc.
